

**Direction for a planning application to be dealt with by  
East Sussex County Council**

**Type of planning application:** Waste and Minerals – County Matter

**Application Reference:** LW/663/CMS

**Description of Proposal:** Relocation of covered tyre & battery store

**Site Location:** Greystone Quarry, Southernham, Lewes, BN8 6JN

**Site Area:** 60m2

**The Direction**

Although the above planning application is classed as a minerals or waste application and therefore classed as 'major' in the Town and Country Planning (Development Management Procedure) (England) Order 2010 it is not considered by the SDNPA to be likely to have a significant effect on the purposes for which the South Downs National Park has been established.

In consequence, the SDNPA hereby directs and authorises that this application can be determined or otherwise dealt with by East Sussex County Council.

**Reason for the Direction**

Having regard to the size of the site and the nature and extent of the proposed works and location of the site, it is not considered likely that the development would affect the purposes for which the South Downs National Park has been established.

**Date of Direction: 20th June 2011**

**Signed:**

  
Jim Reay,  
Head of Planning  
South Downs National Park Authority
