### Comments

**Reference:** LW/799/CM(EIA)

**Description:** The construction and use of plant, namely aggregate processing plant, aggregate bagging plant, concrete batching plant, concrete block-making plant and buildings, ancillary offices and stores for processing and utilising aggregates landed at Newhaven Port and distribution of the products by road and rail together with access to the public highway and the extension of an existing rail siding.

**Comments:** You have aided and abetted removal of access to the west beach of Newhaven. You now wish to so with the east beach. I don't wish to sound patronising - but would there be a case to say you need to be reminded to protect residents interests in access to the beach as well. You have given away too much - particularly in the case of the west beach. The east beach is now the only sandy beach left, that we have access to - please do not take that away. Regards RIch
