Comments

Reference: LW/799/CM(EIA)

Description: The construction and use of plant, namely aggregate processing plant, aggregate bagging plant, concrete batching plant, concrete block-making plant and buildings, ancillary offices and stores for processing and utilising aggregates landed at Newhaven Port and distribution of the products by road and rail together with access to the public highway and the extension of an existing rail siding.

Comments: newhaven beach has been closed, the west arm of the harbour closed, now tide mills is being destroyed, is the council hell bent on making the whole area look like a post apocalyptic film set?

Comment date: 01/12/2017
