Comments

Reference: LW/799/CM(EIA)

Description: The construction and use of plant, namely aggregate processing plant, aggregate bagging plant, concrete batching plant, concrete block-making plant and buildings, ancillary offices and stores for processing and utilising aggregates landed at Newhaven Port and distribution of the products by road and rail together with access to the public highway and the extension of an existing rail siding.

Comments: The best hope for Newhaven lies in less development, considering how terrible successive planning decisions have been for the town. Every time development is talked about it fills us with fear. Sop this madness please. no more polluting, traffic causing developments please.
