Comments

Reference: LW/789/CM(EIA) - *(Should be LW/799/CM(EIA))*

Description: The installation and operation of an asphalt plant, concrete batching plant and gully waste plant, together with ancillary development and access.

Comments: The Tide Mills area of East Sussex is a beautiful haven for the people of Newhaven. If the decision goes ahead to build this facility on the coast then it will show the blatant disregard the counsellors have for the people they are meant to represent as this will affect their health and quality of life in a huge way. This area of peaceful, outstanding natural beauty is one of the last remaining on the Sussex Coast and should remain as it is for future generations.
