### Comments

**Reference:** LW/789/CM(EIA)

**Description:** The installation and operation of an asphalt plant, concrete batching plant and gully waste plant, together with ancillary development and access.

**Comments:** This plant would be totally in the wrong position for our small towns Newhaven/Seaford. We need access to our beach and open spaces via the beach and this would stop it happening. There would be additional effluent getting into the sea and the plant wouldn't add very many additional jobs to the market. If this is allowed to go ahead - and we are telling our representatives this shouldn't happen - how many other companies will try to use this space and use this as a stepping off?

**Comment date:** 02/12/2017
