Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA) – Condition 11 (Out of Hours Working).

This application covers 2no. separate Out of Hours requests.

Firstly, we are writing to request Out of Hours working for Wednesday 16th April between 20:00hrs – 02:00hrs in order to carry out utility diversion works at the junction between Ninfield Road and Wrestwood Road. This work is the first stage of the utility diversion works related to Ninfield Road Bridge.

The reason these works have to be carried out at this time is because the water main that is being worked on supplies all the water to Sidley High Street, and therefore this would minimise any disruption to the local businesses.

The only noisy piece of equipment to be used will be 1no. disc cutter and the proposed resources for the operation shall be 1no. HTW Supervisor and 6no. Clancy Dockwra Operatives.

A letter drop will be carried out to the residents in the vicinity of these proposed works.

The second application is for an earthworks vehicle to be collected from the Elva Way entrance at 22:00hrs on Thursday 17th April. There will be no works carried out at this time.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meet with your approval.

Yours faithfully,

Richard Wall-Morris
