**Subject:** De-mobilisation of Piling Equipment at Ninfield

Hi Sarah,

P J Edwards are planning to finish the piling at Ninfield this Saturday. On completion they will obviously need to de-mobilise. Under the current approvals this de-mobilisation will have to happen Monday morning in rush hour. So in order to avoid major congestion of the highway network on Monday, I was wondering if we are able to move the plant off site between 10:00hrs – 13:00hrs on Sunday?

Kind Regards

Steve
