Dear Sir,

**Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill,
Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA)
– Condition 11 (Out of Hours Working).**

Following the completion of phase 1 of the utility diversion works related to the works at Ninfield Road Overbridge, we are now writing to request Out of Hours working for Phases 2 and 3. Below are details of the two phases:

Mains Shut 2:

Date of Planned Works: Wednesday 23rd April;
Out of Hours Requested: 21:00hrs – 03:00hrs; and
Level of Resource: 2no. Supervisors and 9no. Operatives.

Mains Shut 3:

Date of Planned Works: Wednesday 7th May;
Out of Hours Requested: 21:00hrs – 04:00hrs; and
Level of Resource: 2no. Supervisors and 7no. Operatives.

For both nights the only noisy piece of equipment to be used will be 1no. disc cutter as the ground breaking activities will be carried out during the day. The lighting to be used shall be the same type as previously approved, with the light facing away from residential properties and towards the works.

The reason these works have to be carried out at these times is because the water main that is being worked on supplies all the water to Sidley High Street, and therefore this would minimise any disruption to the local businesses.

A letter drop has been carried out to the residents in the vicinity of these proposed works already, with a comment stating that these works are subject to planning approval.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meet with your approval.

Yours faithfully,

Richard Wall-Morris
