Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/247/CC(EIA) – Condition 9: Temporary Construction Works.

We are writing to seek approval to use an alternative route through Glovers Lane on Monday 9th June 2014 for 2no. lowloader vehicles. The proposal is for the lowloaders, one transporting a CFA piling rig and the other a crane, to enter the site initially and then leave the site, later the same day.

The reason we need to use an alternative access route through Glovers Lane is due to the height restrictions at Ninfield Road Bridge, preventing use of the access from the Elva Way entrance, but also the weight restriction at the existing Crowhurst Road bridge prevents entry from the Hastings end of the scheme.

The necessity to use the Glovers Lane access route would be between 10:00am - 15:00pm on the day specified.

A letter drop will be carried out to the residents along Glover Lane as per previous occasions that we have used this route for access.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2

We trust that our proposals meet with your approval.

Yours faithfully,

[REDACTED]
