Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA) – Condition 11 (Out of Hours Working).

I am writing to request out of hours working for Wednesday 29th January and Thursday 30th January between 19:00pm – 22:00pm in the locations indicated on London Road and outside the existing BP garage by Ninfield Road Overbridge. The second date is a contingency in case the weather prevents any work on the Wednesday.

The reason for the request is to paint a new bus stop position on London Road, which will replace the bus stop that is currently outside the BP garage. In order to carry these works out safely and to minimise traffic disruption we need to do this after peak travelling times and after the last bus.

The work will include the application of yellow lines for a new bus stop and the removal of the existing bus stop markings adjacent to the BP garage. The application of the yellow lines will largely be a quiet operation, with noise limited to vehicles idling whilst lines are applied, and operatives talking. The removal of the existing markings will be noisier with the method of burning being employed. It is envisaged that this whole activity will be of short duration and the noisy activities planned to be undertaken early on in the shift.

The planned resources for these works are as follows:

- 1no. HTW Supervisor;
- 1no. HTW Engineer;
- 2no. Traffic Management Operatives and vehicle; and
- 2no. Sub-Contractor Operatives (line application).

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meeting with your approval.

Yours faithfully

 Richard Wall-Morris
Project Manager
