

UK KIOSKS

# Kiosks, Booths & Cabins

Product Catalogue 2021-2022

## A SELECTION OF QUALITY AND FLEXIBLE PORTABLE MODULAR BUILDINGS AND KIOSKS

UK Kiosks' range of kiosks and booths are modular, portable and fully customisable, ideally suited for any purpose, in any location. Secure, robust and versatile, our extensive range offers enormously flexible accommodation solutions with each unit branded and customised to suit your exact requirements.

We also supply kiosks for use at entertainment venues where they are widely used for the sale of tickets, programmes and merchandise or as betting booths and information centres. With their flexible functionality and superior branding capabilities, the look and use of our kiosks are truly only limited by your imagination!

The product ranges displayed are available for rental and purchase (excluding the Blenheim Cabin Collection). A minimum hire period applies to all rental kiosks and cabins and it is the responsibility of our customers to maintain the products. Please ask us for further information upon enquiry.

## THE WORCESTER RANGE OF GRP KIOSKS

UK Kiosks' range of kiosks and booths are modular, portable and fully customisable, ideally suited for any purpose, in any location. Secure, robust and versatile, our extensive range offers enormously flexible accommodation solutions with each unit branded and customised to suit your exact requirements. We also supply kiosks for use at entertainment venues where they are widely used for the sale of tickets, programmes and merchandise or as betting booths and information centres. With their flexible functionality and superior branding capabilities, the look and use of our kiosks are truly only limited by your imagination!

### SECURITY

Robust, secure and fully insulated, the GRP Kiosks from our Worcester Range is ideal for a host of different uses and occasions. Whilst the standard models are superbly functional by themselves, several additional features, such as electrical installations, built-in counters and security shutters are also available, ensuring your GRP Kiosks can be personalised according to your needs.

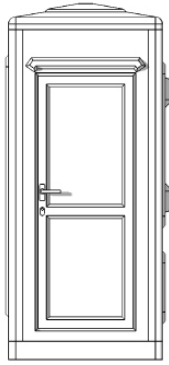

### FOOD CUBE

Our catering kiosks are popular with schools, universities, hospitals and events for the service of hot and cold food and drinks. Each food cube is fitted out to the customers' requirements with electrics, service and work counters, catering equipment and sign writing. We can deliver and install your unit with everything you need to start immediate service.

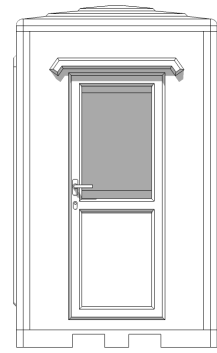

### WELFARE

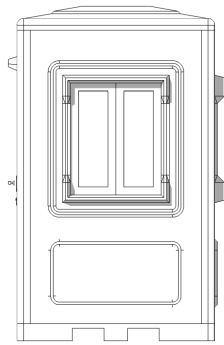

Our GRP welfare units combine a comfortable guard hut office space with a built-in WC from our Worcester Range, giving you the best of both worlds. A partition divides the unit to create two separate areas, each with their own exterior door for individual access. One section leads to a one-person guard hut with a sliding window, whilst the other provides toilet facilities with a wash hand basin. Depending on the on-site services available, this unit can incorporate either a chemical or a full-flush toilet.

## Technical Specification

### 1: Hard-wearing GRP Exterior

All walls and roof panels are constructed of sand-wiched (CTP) fiberglass reinforced polyester panels.

### 2: Finish

Kiosks are finished in a semi-gloss gel coat exterior. This gives a very hardwearing finish which is easy to maintain.

### 3: Windows & Doors

uPVC double glazed windows & doors. White frames with thump latches. Standard model comes with one side to side sliding window and a fixed window.

### 4: Mobility

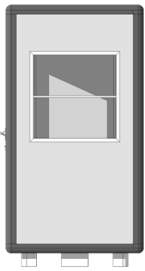

All our GRP kiosks come with forklift pockets located within the base. Smaller kiosks can also be lifted and moved with a pallet truck.

# THE CHELTENHAM RANGE

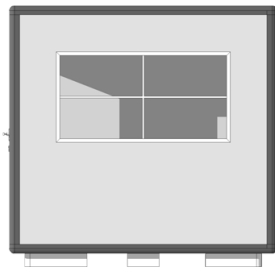

Site Cabins are robust, secure and made with a sturdy metal frame. A simple design, as they are ideal for construction sites and point off access security environments.

With the option to purchase or hire, each cabin includes a basic electrical package with a light and double socket as well as an under-window counter and wall-mounted heater.

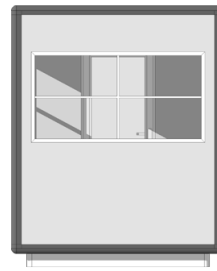

Minimum 4 week hire period. Delivery and collection is excluded from the below pricing.

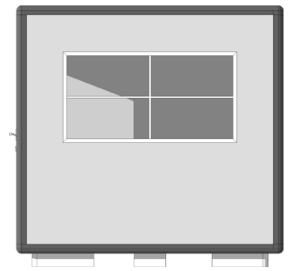

**Model: CHELT1313**

## THE HASTINGS MODULAR CABIN

UK Kiosks' range of hastings cabins are modular, portable and fully customisable, ideally suited for any purpose, in any location. Secure, robust and versatile, our extensive range offers enormously flexible accommodation solutions with each unit branded and customised to suit your exact requirements.

We can offer you a remarkably safe cabin, this could be a simple site office or a canteen area for your staff, with interchangeable wall panels, a variety of window & door combinations and a world of enhancements to suit your project needs. Constructed with galvanised steel panels, with the option of insulation, double glazed PVC windows and external dimensions which meet ISO standards our range is customisable and easy to transport. We are proud buying partners of Containex, a well-known and established brand in the modular buildings sector.

### SECURITY CABIN

Our security cabins are modular by design but we have a range of standard models starting from 3.0m x 2.44m. Popular in construction, the security cabins are used to monitor incoming and outgoing traffic to sites all over the UK – they've even been known to have accommodation suites for guards on 24/7 watch!

### TICKET OFFICE

Our ticket office solution is ideal for the events industry, whether this is for ticket sales or programme information centres.

Benefitting from a range of opening windows, internal electrical fit-outs and serving counters this ticket office solution is quick, easy and maintenance-free. Get in touch with us for more information!

### MODULAR BUILDING

Our modular buildings use the standard range sizes available to extend your solution! Whether you want to extend the depth or height, we can do it. Popular designs include stackable cabins with external staircases for site offices and accommodation, this is perfect for any site wishing for an affordable and fully customisable product.

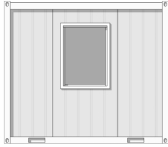

### RETAIL SOLUTIONS

A new and sleek design from our Hastings Cabin range, introducing our Portable Retail Cabins. Offering you a chance to make your business stand out from the crowd with full pane windows, providing a full view to the public and an advertising fascia board, giving you the chance to make your branding pop!

# Technical Specification

All of our technical specifications are included in our standard price for each sized portable retail cabin. Please select one of the features on this one to find out more.

## 1: Branding & Advertising

A full round fascia board, coloured to your brand guidelines

## 2: Windows

Full panel windows for maximum exposure to your brand and product.

## 3: Internal Layout

Fully customisable to your requirements. Electrical installation included as standard.

## 4: uPVC Doors

French-style double opening doors with multi-point locking system.

## 5: Accessibility

This cabin is portable (with the right equipment) so we've added fork slots to the design.

## 6: Extensions

Our cabins are modular, so you can add multiple bays to ensure you have the right room to work with.

# THE BLENHEIM RANGE

Popular for premium security, each cabin is fitted out to the customers' requirements with electrics, wall mounted heaters and service & work counters. We can deliver and install your unit with ease, so you don't have to worry. All the guide prices below include technical specifications and are excluding VAT. Any kiosk enhancements will be priced in a quotation.

**Model: BLEN1515**  
**1.50m x 1.50m**  
**£8,880 + VAT**

**Model: BLEN2715**  
**1.50m x 1.50m**  
**£11,635 + VAT**

## Technical Specification

**1:** Lifting eyes for easy transport

**2:** Double glazed three panel windows

**3:** 50mm glass wool insulation

**4:** Glass-reinforced concrete
