Dear Sir,

**Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill,
Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA)
– Out of Hours Working.**

I am writing to request approval to carry out works in respect of the proposed Bexhill to Hastings Link Road development and hereby submit our application for approval.

We would like to work on 01st and 02nd October 2013 between the hours of 21:00 to 05:00 to lift existing manhole covers to obtain the pipe invert levels within the chambers. The location of the proposed works is as indicated on the attached 'Extract from Southern Water Sewer Plan' (pink highlight). This work cannot be carried out during the day as some of the covers are located within the carriageway and require traffic management, thus causing minimal impact to local road users.

The operations to be carried out will not increase the noise levels significantly as the manhole covers shall be lifted manually, so no machinery shall be used. There will also be no increase in light pollution as the existing street lights will be used as the main source of lighting.

This application is made on behalf of the Assistant Director – Economy, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meeting with your approval.

Yours faithfully,

Derek Childs
Project Manager
For the Hochtief – Taylor Woodrow Joint Venture
On behalf of East Sussex County Council
