NOTES

1. Refer to drawing number B1297000/0300.01a/0000 for Key plan. Drawings are to be used in conjunction with Appendix 3/1 Fencing, Gates and Sills.
2. Stock Proof Fencing- It has been assumed that all Agricultural fencing requires stock proof fencing; this is to be reviewed following confirmation of land use/maintenance.
3. Gates- The location and provision of gates and sills are to be agreed to be placed on highway boundary, or offset up to 1m inside highway boundary subject to agreement with adjacent landowners.
4. Noise Barrier- Close boarded timber noise attenuation barrier. Badger gates- One way badger gates to be provided along the route of the link road at a minimum of 500m spacing on both side of the link road.
5. Badger proof fencing to taper towards mammal tunnel entrances. Where stock proof / noise proof fencing and badger fencing are required in close proximity a design solution to combine fence types will be considered.
