

Regulatory Planning Committee

11th March 2015

Agenda item 5 – LW/748/CM (Newhaven Energy Recovery Facility)

Addendum

The Recommendation under the Summary of Recommendations on page 11 of the Report and at Part 8 on page 19 of the Report requires alteration as the need for a variation to the s106 Legal Agreement has been clarified. In addition, there is a typing error which needs to be corrected.

1. The Recommendation should now read: 'The Committee is recommended to grant planning permission subject to conditions, along the lines set out in paragraph 8.1 of this report';
2. An additional Informative is also recommended for inclusion at the end of Paragraph 8.1 to confirm the status of the s106 Agreement:

'5. The application site continues to be bound by the provisions of the s106 Legal Agreement dated 3rd March 2008 attached to planning permission LW/462/CM(EIA)'; and
3. At paragraph 2.2, at line 6 of the main paragraph, 'normal' should read 'nominal'. Other nominal and normal references within the paragraph are correct.
4. Consequential changes to the text of the report occur as a result of the change to the Recommendation: (1) Paragraph 8.3 conditions come into paragraph 8.1, as set out at point 1, and paragraph 8.2 falls away; & (2) The reference to paragraph 8.3 at paragraph 6.19 should now refer to paragraph 8.1.
