Dear Sir,

**Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill,
Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA)
– Condition 11 (Out of Hours Working).**

We are writing to request out of hours working for Tuesday 29th April 2014 between 06:00hrs – 07:00hrs and 19:00hrs – 23:00hrs.

The reason for the request is so we can carry out the concrete pour of the east abutment to the new railway bridge. The pour is expected to last approximately 15 hours due to the volume of concrete required. The first batch of concrete is due to arrive on site at 07:00hrs and therefore we are applying for an additional hour at the start of the day to set up the site. Although the works are expected to be complete by 22:00hrs, we are applying for an additional hour as a contingency.

There will be a need to use artificial lighting towards the end of the operation and these will be powered by generators.

The planned resources for these works are as follows:

- 3no. Supervisors;
- 12no. Concrete finishers (staggered shifts);
- 3no. Chippies (on standby);
- 2no. Scaffolders (on standby);
- 2no. Concrete Testing Technicians; and
- 3no. HTW personnel.

The plant to be used for the operation shall be as follows:

- 7no. concrete wagons on turn around;
- 2no. concrete pumps (1 standby);
- 1no. Excavator (standby) for Haul Road maintenance;
- 6no. Lighting sets; and
- General small tools and generators.

A letter drop will be carried out to the residents in the vicinity of these proposed works.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meet with your approval.

Yours faithfully,

 Richard Wall-Morris
Project Manager
