Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA) – Condition 11 (Out of Hours Working).

I am writing to request out of hours working for Saturday 15th February and Sunday 16th February between the following times:

- Saturday 08:00hrs – 17:00hrs; and
- Sunday 09:00hrs – 17:00hrs.

The reason for the request is to install the temporary service/pedestrian bridge adjacent to Ninfield Road Overbridge. By working the weekend we shall minimise the disruption to adjacent work being carried out on site, as well as preventing the need to close the haul road to all other site vehicles during normal working hours.

The work will include the installation of a pre-fabricated pedestrian bridge, as shown on the enclosed Drawing No. 709183-01 Rev C, in the location adjacent to the existing Ninfield Road Overbridge, with the bridge components being lifted in by an attendant mobile crane. The noise expected during this operation will include a crane idling whilst waiting to lift bridge components, with some higher revolutions of the engine when carrying out the lifting operations. The noise will be no greater than that caused by general road traffic. Aside from this the only other noise pollution will come from operatives talking in order to communicate.

The planned resources for these works are as follows:

- 4no. Mabey Hire Site Operatives
- 1no. Crane and Driver
- 1no. HTW Engineer; and
- 1no. HTW Supervisor.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meeting with your approval.

Yours faithfully,

Richard Wall-Morris
Project Manager
For the Hochtief – Taylor Woodrow Joint Venture
On behalf of East Sussex County Council
