Dear Sir,

**Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill,
Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/2474/CC(EIA)
– Condition 11 (Out of Hours Working).**

We are writing to request out of hours working in order to allow the delivery of the 38m long bridge beams to Actons Farm Overbridge. The proposed delivery time to the Elva Way entrance is 12:00pm on Sunday 18th May 2014.

The intention is that the vehicle will drive down Elva Way and reverse back into the site and then continue reversing along the haul road to Actons Farm. Therefore, as we currently have approval to work from Ch.2000 – 5400, we are seeking approval to use the section of the haul road from Ch. 850 (Elva Way entrance) to Ch.2000.

The vehicle transporting the beams will have a police escort up to the site entrance on Elva Way.

As this operation is only a delivery there will be no noisy works or any artificial lighting.

A letter drop will be carried out to the residents in the vicinity of these proposed works.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meet with your approval.

Yours faithfully,

 Richard Wall-Morris
