Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/247/CC(EIA) – Condition 9: Temporary Construction Works.

Following our application letter (Ref: SL/B2H/1.4.1/209) dated 25/03/2014, when we applied for use of Glovers Lane on 07/04/2014 (or 08/04/2014) for the delivery of welfare facilities and ground treatment plant, we are writing to request that 2no. additional low loaders also use this route on that day. These low loaders are transporting plant and equipment to be used for the piling operations.

As per the previous applications, the reason we need to use an alternative access route through Glovers Lane is due to the height restrictions at Ninfield Road Bridge, preventing use of the access from the Elva Way entrance, but also the gradient of the haul road through Decoy Pond restricts entry from the Hastings end of the scheme.

The necessity to use the Glovers Lane access route would be between 10:00am - 15:00pm on either Monday 07th April or Tuesday 08th April 2014, but only one of the days will be used.

A letter drop will be carried out to the residents along Glover Lane as per previous occasions that we have used this route for access.

This application is made on behalf of the Assistant Director – Transport and Operations, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2

We trust that our proposals meet with your approval.

Yours faithfully,

 Richard Wall-Morris
