Subject: Greenway, Fencing and Landscaping Progress - 15th Feb Progress Update

Sarah

As discussed, and as stated as a requirement in your letter dated 15th December 2015, please find attached an update on our progress for landscaping and fencing.

The attached drawings have been highlighted showing work done since the start of the New Year. The information below provides some accompanying information.

Greenways – Condition 8

No progress.

The section of Greenway adjacent to Crowhurst Road Underpass to the site compound was due to be started in this period, however, all resources to be used for this section of work were deployed on the Crowhurst Road 'shuttle run' work, during the 3 week road closure. The wet period in early January 2016 also prevented work from starting on this section of Greenway. It is our intention to start this work in February, weather depending, and the planned opening date of this section of Greenway is likely to go into early March. Programme/plans for the remaining areas Greenways remain as detailed in your letter to us dated 15th December 2015.

Planting/Landscaping – updated to COB 13th Jan 2016 – Condition 15

Information sent separately from Ryno Harmse

Fencing - Condition 13

The attached drawings show progress up to between 15/01/16 to 11/02/16

Programme/plans for the completion of the fencing remains as detailed in your letter to us dated 15th December 2015.

I trust that this suitably provides an update for you. Please let me know if you require any further information on this.

Regards

Paul
