Subject: Greenway, Fencing and Landscaping Progress - 15th April 2016 Progress Update

Sarah

As a requirement in your letter dated 15th December 2015, please find attached an update on our progress for Greenways, landscaping and fencing.

Greenways – Condition 8

A site entrance off Combe Valley Way has been provided adjacent to Decoy Pond Underbridge to access the Greenway's. This access is being used to import material/plant to enable the construction of the Greenway between G03 Culvert and Decoy Pond Bridge. During this period, type 1 has been delivered as well as preparation work prior to placing the type 1.

It is still planned to complete all of the Greenway's, including surfacing dressing, by the end of May 2016.

Planting/Landscaping

Please refer to the attached marked up drawings.

Fencing - Condition 13

Littlewood Fencing returned to site on 4th April to complete remaining fencing. They have been working on the stock fence around Acton's Farm and have completed 1,180m, partially completed 480m and installed 7no gates. Please also see attached plan.

Programme/plans for the completion of the fencing remains as detailed in your letter to us dated 15th December 2015. (i.e. anticipated end of May 2016)

I trust that this suitably provides an update for you. Please let me know if you require any further information on this.

Regards

Paul
