Dear Sir,

Town and Country Planning Act 1990 Relating to land known as A259 Belle Hill, Bexhill on Sea to B2092 Queensway, St. Leonards on Sea, East Sussex RR/247/CC(EIA) – Condition 13 Boundary Walls and Fencing

Following our most recent letter (Ref: SL/B2H/1.4.1/0125) dated 01/03/2013, and your subsequent comments, we hereby submit the following details, reserved by Condition 13 – Boundary Walls and Fencing, for approval:

- B1297000-PH2-0300.01a-0014 R5 – Fencing (Sheet 14 of 32).

In response to the comment made on 05/03/2013 please see below:

As previously suggested the noise fence adjacent to the Greenway on the north side of the road will be intrusive in the countryside. This was originally intended to be at the bottom of the cutting and adjacent to the carriageway. The purpose and effectiveness of this at the top of the cut slope needs to be justified.

There may be an opportunity to reduce the acoustic barrier requirements. Noise modelling shall be carried out to determine whether a reduction can be made. The findings shall be submitted to ESCC Development Control once carried out.

This application is made on behalf of the Assistant Director – Economy, East Sussex County Council and the relevant cost code for payment of fees due is C.5.04.200.2.

We trust that our proposals meeting with your approval.

Yours faithfully,

Adrian Kilburn
Project Manager

For the Hochtief – Taylor Woodrow Joint Venture
